8th EUROPEAN CONGRESS OF ANDROLOGY

E C A • B A R C E L O N A 2 0 1 4

15, 16 and 17 October 2014

www.eca2014.com

Welcome

On behalf of the European Academy of Andrology (EAA), we look forward to your participation in the 8th European Congress of Andrology (ECA 2014) to be held in Barcelona from 15 to 17 October, 2014.

We cordially invite all members of the EAA and all professionals engaged in this field to join us for what we hope will be a memorable event.

An excellent scientific programme will provide a forum for specialists to discuss the latest developments in male reproduction, male sexual dysfunction, sexual transmitted diseases and some aspects of andrological surgery. The programme will include plenary lectures and will offer a multidisciplinary platform to increase our understanding of men's sexual and reproductive health. We are confident that the meeting will be of major scientific interest.

As in the previous edition, ECA 2014 will, together with the European School of Urology (ESU) and the EAU Section of Andrological Urology (ESAU), organize three courses focusing on the surgical aspects of NOA, varicocele and Peyronie disease. In addition, a Postgraduate Course on standard care and diagnostic procedures in Andrology will take place on 15 October.

Looking forward to meeting you in Barcelona!

Osvaldo Rajmil
Chair of the LOC
(Local Organising Committee)

Csilla Krausz
Chair of the POC
(Programme Organising Committee)

Programme Organizing Committee (POC)

Chairperson: Csilla Krausz, Italy
